In this booklet you will find six weeks' worth of spellings. You need to learn these spellings carefully by using the look, say, cover and write method. You can also login to your 'Spelling Shed' account to practise your spellings. You then have some space at the bottom of the page to put each of your spelling words into a sentence.

Login to your 'Bug Club' account for online reading challenges!
New books will continue to be added on a regular basis!

Purple Mash is the creative online space from 2Simple. Purple Mash hosts an exciting mash-up of curriculum focused activities, creative tools, programs and games to support and inspire creative learning every day. Login with the details provided by your class teacher.

Remember, where possible, and where safe, do try to take part in some form of physical activity each day. With the schools closed and with us all spending more time at home, it's more important than ever that we keep moving and stay healthy and positive. Exercise is an amazing tool to help us feel happier, more energised, and more optimistic. The workouts will be fun and suitable for all ages and even adults can get involved. You don't need any equipment, just tune in to my YouTube channel at 9am each morning for a 30-minute, fun workout. <https://bit.ly/344f1aB>

BRAIN BUILDERS

Your project for this half-term is...

The Great Fire of London

Can you produce a fact file all about the Great Fire of London? We will be learning about this in History and doing lots of writing about this topic in class, and doing some research will really help with your understanding of this important historic event. You can make a timeline of what happened, maybe find some pictures, you might even like to go to London to see the Monument and Pudding Lane and take some photographs! You can present this as creatively as you like.

Due in Monday 1st June (After half term)

Maths for Pentecost 1

As our school must now temporarily close in response to Covid-19, we wanted to let you know about some useful homework support from White Rose Maths, whose maths scheme we use in school. The White Rose Maths Team, part of Trinity Multi Academy Trust, has prepared a series of brand new maths lessons for each year group from Years 1-6. Every lesson comes with a short video showing you clearly and simply how to help your child to complete the activity successfully.

Finding and using the lessons

The lessons are all available on the White Rose Maths website at www.whiterosemaths.com/homelearning where you'll also find clear instructions on exactly how access and use the right material for your child's year group. White Rose Maths is all about helping children to love maths by really understanding what it's all about, so you can certainly expect to enjoy these learning sessions with your child!

Join in the daily maths!

A regular daily learning routine will help your child to learn more effectively at home, and just one 20-30 minute White Rose Maths session each day will really help your child to keep them learning and motivated. What's more, the White Rose Maths Team will be online each weekday between 10.00 and 11.00am – great opportunities for your child to show and share their work, questions and ideas every day via any of the White Rose Maths social media channels.

The screenshot below shows which topics are to be covered during this coming term. The image also provides you with the order and timescale for each of these.

	Week 1 20.4.20	Week 2 27.4.20	Week 3 4.5.20	Week 4 11.5.20	Week 5 18.5.20	Week 6 25.5.20	Week 7 1.6.20	Week 8 8.6.20	Week 9 15.6.20	Week 10 22.6.20	Week 11 29.6.20	Week 12 6.7.20
Y2	Length and number	Addition and subtraction	Multiplication and division	Fractions and geometry	Measurement	Time						

Login to your **'Times Tables Rock Stars'** account to practise your times tables!

Your teacher will test you on your times tables each week.

The Importance of Times Tables:

We all know that learning times tables is an essential part of your child's mathematical education. Children who have mastered their tables gain a solid foundation in mathematics that will help them throughout their progression within the subject. Many children are able to recite in order their timetables, but to truly know the answer to any times table question independently is a skill that takes a lot of hard work. The national expectation is that every child will be able to answer any times table question mentally within a five second period.

Expectation:

By the end of Year 2 children should know the 2, 5 and 10 times table. Please practice these each week with you child. There will be a times table quiz during the last week of the term.

2's	5's	10's
0 x 2 = 0	0 x 5 = 0	0 x 10 = 0
1 x 2 = 2	1 x 5 = 5	1 x 10 = 10
2 x 2 = 4	2 x 5 = 10	2 x 10 = 20
3 x 2 = 6	3 x 5 = 15	3 x 10 = 30
4 x 2 = 8	4 x 5 = 20	4 x 10 = 40
5 x 2 = 10	5 x 5 = 25	5 x 10 = 50
6 x 2 = 12	6 x 5 = 30	6 x 10 = 60
7 x 2 = 14	7 x 5 = 35	7 x 10 = 70
8 x 2 = 16	8 x 5 = 40	8 x 10 = 80
9 x 2 = 18	9 x 5 = 45	9 x 10 = 90
10 x 2 = 20	10 x 5 = 50	10 x 10 = 100
11 x 2 = 22	11 x 5 = 55	11 x 10 = 110
12 x 2 = 24	12 x 5 = 60	12 x 10 = 120

Additional Mathematics and English Homework

Some parents may wish their children to undertake additional maths and English homework.

The school endorses the use of 'Workabooks', which are carefully planned to support children with their learning, consolidate classroom teaching and provide an organisational structure which will enable pupils to manage homework effectively with positive results. Parents can order and purchase these books directly from Workabook at <http://www.workabook.co.uk>. Parents can access the answers to each activity through the Workabook website.

Please note that Workabooks are intended for home-use only. There is no requirement for children to bring their Workabooks into school.

A sample of the Workabooks can be viewed at the main school office or alternatively more information can be found at <http://www.workabook.co.uk>

Eleven books in the series cover English and mathematics for Years 2 to 6
