Our Lady of Peace Catholic Primary and Nursery School

Religious Education Policy

In light of the school mission statement Religious Education is taught within the school so as to give children a knowledge and understanding of the Catholic faith that leads pupils into an exploration of the different aspects of religion in thoughtful reflection upon religious belief.

Aims:

1. To share knowledge and understanding of the Catholic faith and life.
2. To have knowledge and understanding of the response of faith to ultimate questions about human life its origin and purpose.
3. To have the skills required to engage in examination or reflection upon religious belief and practice.
4. To have knowledge and respect of other religions and cultures.
5. To develop and support the prayer life of pupils.

Objectives:

The objectives of R.E. in our school are:

1. To develop knowledge and understanding of the mystery of God and Jesus Christ, of the Church and of the central beliefs which Catholics hold.
2. To develop awareness and appreciation of Catholic belief, understanding of its impact on personal and social behaviour and of the vital relationship between faith and life, life and faith.
3. To encourage study, investigation and reflection by the pupils.
4. To develop appropriate skills e.g. ability to listen, reflect, to pray and to be aware of God, to acquire knowledge and organise it effectively to make informed judgements.
5. To foster appropriate attitudes e.g. respect for truth, respect for the view of others; awareness of the spiritual and of moral responsibility.
6. To foster an awareness of the demands of religious commitment in everyday life and especially the challenge of living in a multicultural, multi-faith society.
7. To develop a greater understanding of other faiths.

Curriculum Planning

The Catholic message is at the heart of all we do in the school. It enriches the curriculum, and supports all areas of learning. R.E. must always deepen pupils understanding of Catholic belief and contribute to their education in the Catholic faith. Year groups plan as a team or cross phase to maximise teaching and learning experience.

Programmes of Study

Each term 'Come and See' focuses on one of the basic questions about life, its dignity, its purpose and a central Christian belief which relates to and addresses this question.

Autumn – Where did I come from? Life – Creation

Spring – Who am I? Dignity – Incarnation

Summer – Why am I here? Purpose – Redemption

The basic question – belief for each term is explored through three kinds of themes.

Each theme relates to one of the key dimensions of religious and Christian faith:

Community of Faith – Church

Celebration of Ritual – Sacraments

Way of Life – Christian Living

R.E. is timetabled for 2 hours and 15 minutes.

R.E. is linked to other areas of the curriculum where appropriate.

Assessment:

1. Pupils evaluate and assess their work at the end of each topic as part of the Review section of 'Come and See.'
2. Assessment for RE will be formative. The New Standards for RE is composed of a range of skills divided into Age Related Phases. The skills are selected from a range of strands and key skills are re-visited in a number of Units of work throughout the year.
Teachers will select relevant skills at the start of each unit of work. At the end of each term these skills are assessed using the following judgments:
 - working at age related expectations
 - working above age related expectations
 - working below age related expectations
3. Work will be marked with sensitivity and positively in line with the school's marking policy/assessment learning. (See Assessment for Learning Guidance).

MISSION STATEMENT

'With Christ in our hearts, together we grow'.

Spiritual Development

The Nature of Spirituality

Spirituality is about the unique inner life of each individual. At times it is an intensely personal experience and at others it is something shared with other human beings. Spiritual Development centres on what gives meaning to life. For the Christian it is the potential of each person to be fully alive in God.

Aims

The development of spirituality respects the uniqueness of each individual and the need to be faithful to the truths of the Catholic Church. It acknowledges that –

1. That children of other faiths are travelling along their own faith journey and are to be respected
2. We are all on our own faith journey
3. We are all at different points on this journey
4. We need to celebrate and develop the spirituality of each person in our community
5. Spiritual development is an integral part of every aspect of school life
6. We respect people of all faiths

We Promote Spiritual development in the following ways:

By recognising that an important part of children's spiritual development is the acquisition and deployment of the following skills:

1. Investigational
2. Interpretational
3. Communication
4. Critical
5. Social
6. Evaluational

These skills encourage curiosity and reflection which lead to a greater level of self awareness, promoting a deeper understanding and excitement for life.

In the school situation each member of staff affects the spiritual dimension of all within it and beyond. Each one is responsible for developing Gospel values of truth, justice, respect, compassion, forgiveness and prayer.

- The school community regularly celebrates and worships together.

- We promote the school's 'Golden Rules' and 'British Values' alongside our Christian beliefs as a foundation for Christian living alongside our Mission Statement 'With Christ in our hearts, together we grow'
- We give opportunities to discuss issues relating to spiritual and personal growth in Circle Time/PSHE.
- Resources are available in the R.E. resource area, classroom prayer tables areas and through the 'Come and See' programme.
- Each classroom has a religious area with prayers and religious artefacts clearly visible. A big question is displayed and linked to the topic being covered in class.
- Spiritual development is promoted and monitored by the SLT, the R.E. Leader and School Chaplaincy. All members of staff are responsible for the spiritual development of the pupils in the school and are considered to be members of the chaplaincy team.
- The school community recognises we are all at different places in our faith journey and we should respect each other with discernment and tolerance without being negative or judgemental about a person's actual situation.
- We recognise that the parents and other family members have a much greater influence on the life of the child than anyone else. Parents/other family members are welcomed into the school at all times and especially for celebrations and acts of collective worship.

Community Cohesion

Communal projects such as supporting children/families of the Parish, Local Charities, such as McMillan, CAFOD and our African link school, Missio & Daisy's Dream.

Organisation

It is the responsibility of every member of staff to implement the policy, under the leadership of the Headteacher.

PSHE/Circle Time and Golden Time are timetabled regularly.

Monitoring and Evaluation

The Spiritual development of the pupils is monitored through:

1. Their response to prayer and worship
2. Periods of reflection
3. Relationships with others
4. Children's books & displays
5. Assemblies-through responses and participation

The evaluation of opportunities for spiritual development will be through year group discussions and staff meetings.
