MATHS INFORMATION EVENINGS – YEARS 3 – 6

Dear Parents/Carers,

We will be holding maths information evenings on **Wednesday 17th October (for parents of children in Years 5 and 6) and on Wednesday 31st October (for parents of children in Years 3 and 5) at 6pm** in the Key Stage Two hall.

The evenings are designed to equip parents and carers with a greater understanding of their child's maths education.

The evenings will cover a number of areas concerning the teaching of maths at Key Stage 2. In particular, we will provide an overview of the mathematical skills and understanding that children are expected to acquire by the end of each academic year, as well as the calculation methods that are taught as the children progress from Year 3 up to Year 6.

We believe that by attending the information evening, parents and carers will be able to further support their children in the acquisition of key mathematical skills and understanding.

We hope that you are able to attend.

Yours sincerely,

Mrs JR O'Keeffe
Headteacher
