

Our Lady of Peace Catholic Primary and Nursery School

Year 5

Term: Advent 1

Homework Booklet

Welcome to your homework booklet for this half term.

In this booklet you will find six weeks' worth of spellings. You need to learn these spellings carefully by using the look, say, cover and write method. You can also login to your '**Spelling Shed**' account to practise your spellings. You then have some space at the bottom of the page to put each of your spelling words into a sentence.

Your teacher will test you on your spellings each week.

Login to your '**Times Tables Rock Stars**' account to practise your times tables!

Your teacher will test you on your times tables each week.

Bug Club

Login to your '**Bug Club**' account for online reading challenges!

BRAIN BUILDERS

Your project for this half-term is to...

Research an Australian landmark to link in with our geography topic. This could include Sydney Opera House, Uluru, Great Barrier Reef, Blue Mountains, Kakadu National Park or Shark Bay. You could create a fact file; write story or poem based on the area or a leaflet/ tourist guide about your landmark. Be as creative as you can!

To be handed in: 14/10/19

Maths for Lenten Term 1

Number: place value

Read, write, order and compare numbers to at least 1000000 and determine the value of each digit. Count forwards or backwards in steps of powers of 10 for any given number up to 1000000. Interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers including through zero. Round any number up to 1000000 to the nearest 10, 100, 1000, 10000 and 100000. Solve number problems and practical problems that involve all of the above. Read Roman numerals to 1000 (M) and recognise years written in Roman numerals.

Number- Addition and Subtraction

Add and subtract numbers mentally with increasingly large numbers. Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction) Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy. Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why.

Log-in to your 'My Maths' account and each week complete the activity.

Additional Mathematics and English Homework

Some parents may wish their children to undertake additional maths and English homework.

The school endorses the use of 'Workabooks', which are carefully planned to support children with their learning, consolidate classroom teaching and provide an organisational structure which will enable pupils to manage homework effectively with positive results. Parents can order and purchase these books directly from Workabook at <http://www.workabook.co.uk>. Parents can access the answers to each activity through the Workabook website.

Please note that Workabooks are intended for home-use only. There is no requirement for children to bring their Workabooks into school.

A sample of the Workabooks can be viewed at the main school office or alternatively more information can be found at <http://www.workabook.co.uk>

Eleven books in the series cover English and mathematics for Years 2 to 6
